Municipal Commission's resolution dated the 18th April 1949 (Special Meeting)

---

1 Budget Estimates for the period covering the three months April to June 1949 and the Revised Estimates for 1943 - 49

Recommended to be approved.

The President, Municipal Commission, at the outset explained the reasons which necessitated the preparation of a supplementary budget for the quarter ending the 30th June 1949 He said that this was consequent on the change in the commencement of the official year from the 1st April to 1st July He explained the salient points of the Supplementary Budget Estimate in question and invited the views of the members He added that no items of capital expenditure were proposed as the estimate covered only a period of three months and no original works could possibly be executed in that short period.

After some discussion Janab Abdul Latheef proposed that the Supplementary Budget for the quarter ending the 30th June 1949 and the Revised Budget for 1943 - 49, as presented be passed Sri Hanumanthiah seconded the proposal and it was carried.

Resolved that the Budget Estimates for the period April, May and June 1949 and the Revised Estimates for 1943 - 49 be passed as presented.

1. The Supplemental Budget and the Revised Budget have been prepared in accordance with the Budget Rules and also Government Order No. L.10152-4/ML.9-48-2 dated the 5th March 1949.

2. The following is a review of some of the noticeable variations under the several heads --

3. The increases under 'Dearness allowance' in the revised budget are due to payment of arrears of enhanced rates of dearness allowance to the Municipal employees as sanctioned by the Central government to their servants for the period from 16 8.48 to 30 11.1948.

4. The increases under 'Salaries and allowances' in the supplemental budget are due to application of the Mysore pay Commission's scale of pay with weightage.

5 1 A Management - Ordinary - Page 7. Bonus Provident Fund. The provision made in the revised budget is based on actuals The -- increase in the supplemental budget is on account of some employees who have already retired and who are due to retire.

6. Page 10. Military Roads - The provisions made in the revised budget and the supplemental budget represent the following --

Revised Budget for 1948-49 - Rs 20,980 represents the minimum contribution of Rs 10,490 per annum for the years 1947-48 and 1948 - 49

Budget for April - June 1949 - Rs. 29,634/- balance of contribution claimed for the periods 1946-47 and 1947-48

Budget for April - June 1949 - Rs 19,510/- balance of contribution claimed for 1948 - 49 (approximate)

7 Page 12 Road Development Fund The sum of Rs. 30,000 /- provided in the revised budget represents arrears of grant for 1946-47 and 1947-48 and the sum of Rs 15,000/- provided in the Budget is the grant for 1948 - 1949

8. Page 11. (3) Roads in general - 2 Lumpsum contribution to Police Department on account of the staff for working the Hackney Carriage and Motor Vehicles Rules. No provision is made in the supplemental budget as the working of the motor vehicles has been taken over by Government.

p t o.

9. Page 12. Tax on carriage and animals - Only a part of compensation for loss of revenue in respect of motor vehicles has been received from Government and the balance is expected only in August 1949 as per orders of Government. There has, therefore, been a -- decrease in revenue under this head in the revised budget and in the supplemental budget.

10 Page 19 I C. Education - Capital - Lands and Buildings - The sum of Rs. 34,000/- provided in the supplemental budget represents the cost of the godown taken over from the Government for the use of the Blackpally Boys' High School. Orders of Government sanctioning their half share of cost on this account are awaited

11 Page 20. I C Education - Appropriation from Government funds - A sum of Rs. 2,72,202/- is due by Government towards their 50% share of cost on Education Out of this, Rs. 1,22,275 represents arrears and the balance towards 1948 - 49

12 Page 19. I D.P H. - Hospitals and Dispensaries - Medicines - Only a sum of Rs.8,500/- has been provided in the revised budget as against the original provision of Rs 30,000/- as the Director of Hospitals presumes that the cost of medicines supplied by the Medical Store Depot is borne by themselves

13. Page 29. Bangalore Fire Service - The Government have been requested to relieve the Municipal Commission of the liability to meet one-third charges relating to Fire Service in the Station and hence no provision is made in the supplemental budget

14. Pages 32 and 48 - Water-tax, Meter rent and property tax - Our anticipated realisations under these heads during 1948-49 is -- Rs 7,27,000/- as detailed below Based on this, the income for April-June 1949 works out to Rs 1,81,750/- As the bills are expected to be served only by the end of May 1949, only a portion of this amount would be collected A nominal provision of Rs 1,19,000/- is made in the supplemental budget

	Revised Budget	Supplemental Budget
Water tax.	Rs 3,01,000	50,000
Meter rent.	19,000	2,000
Property tax	4,04,000	67,000
	7,27,000	1,19,000

15. Page 32. (6) - For water supply to the Military - The increase in the revised budget is due arrears of water supply bills having been realised from the Military authorities during the early part of 1948 - 49

16 Page 33 II - Preventive Medicines - Capital - (9) Construction of quarters for Fire Service The Municipal Commission in its resolution No. 8, dated the 26th October 1948 accorded sanction to the payment of a sum of Rs 27,517/- being Municipal Commission's share of one-third contribution towards the construction of fire - station and quarters for the Fire Service personnel and Government's sanction thereon is awaited.

17. Page 46 - Receipt side - Capital 1. Town Planning Act Schemes (1) Sale proceeds of lands and buildings - A sum of Rs.90,000/ was provided in the budget estimate for 1948 - 49 towards the anticipated realisations by sale of land in Austin Town and in Monkey Thope. It has since been decided to reserve the land in Austin Town for -- constructing Municipal model houses Hence, only a sum of Rs 60,000/- in respect of Monkey Thope is expected to be realised This is -- provided in the supplemental budget for 1948 - 1949.

18. The surplus and rent from settlement account are appended to the Budget together with necessary details showing the items of works provided from those accounts - vide pages 54 - 58

19. In the revised budget estimate of the current year a sum of Rs. 1,44,854/- has been provided from the surplus account with the sanction of the Municipal Commission and the Government as detailed in a separate statement at pages 55 57 The closing balance in the surplus account is Rs. 1,11,935/-

20. The receipts from purely Municipal funds in the revised estimate amount to Rs. 20,64,520/- while the expenditure is ------- Rs. 21,03,983/- resulting in a deficit of Rs. 39,463/- which has to be met from surplus account.

21 In the supplemental budget estimates, the receipts from purely Municipal Fund amount to Rs 4 55,094/- against the expenditure of Rs 5,36,794/- resulting in a deficit of Rs. 81,700/-

p t o

which also has to be met from surplus account.

22 The closing balance in the supplemental budget is only Rs. 30,235/-. It is, however, hoped that the Municipal Commission will have sufficient funds to maintain the minimum balance of - Rs. 75,000/- for the year 1949 - 50, as the Government may take -- over the medical and educational institutions maintained by the 9- Municipal Commission before the commencement of that year

The provision on account of the charges on various establishment has been made at Rs 2,10,024/- anticipating that the allocation statement fixing the pay of the new scale in Mysore scales would be sanctioned by the end of June '49. As the allocation is not likely to be passed before the end of June '49 for disbursing the arrears on account of enhanced rate of pay from Jan '49 to June '49, the amount provided for establishment is reduced to Rs 1,84,640/-.

Dearness allowance at the rate sanctioned by the Central Govt was paid for the period from July '48 to Nov '48 during May and June 1949. This expenditure of Rs 57,500/- which ought to have been shown in the Suppl Budget has been shown in the Revised Budget for 48-49. Hence the opening balance in the Suppl Budget will have to be increased by this amount.

According to the above modified provisions, the abstract figures of the budget will be as follows -

	Rs
Opening Balance	~~1,11,935~~ 1,69,435/
Anticipated Receipts	~~4,55,094~~ 4,55,094/
Total	~~5,67,029~~ 6,24,529/
Expenditure	~~5,36,794~~ 5,68,310/-
Closing Balance	~~30,235~~ 56,219/-

It is seen from the above figures that the expenditure even for this short period exceeds the income inspite of no provision being made for any item of capital expenditure. The Municipal Commission should try to limit its expenditure to be well within the income by minimising expenditure on optional items and improving its resources also. ~~The question of increasing the levy of property tax from 8% to 10% the maximum prescribed [illegible]~~ Provision in regard to the maintenance of schools in the Civil Station are made on the assumption of Government meeting the same on a 50% basis is again retained provisionally, pending a decision on this question.
